COMPANY PROFILE

White Tech by ONE STEP is a trusted manufacturer, wholesaler and trader of premium quality Rock Climbing Equipment and Adventure Sports Gear.

We deliver innovative, durable and high-performance products designed for safety and adventure. Our commitment to quality, competitive pricing and customer satisfaction makes us a preferred choice for climbing walls, adventure parks, institutions, retailers and outdoor enthusiasts worldwide.

OUR VISION

To be India's most trusted and innovative brand in adventure sports and safety equipment, empowering every climber and adventurer to achieve more, safely.

OUR MISSION

To provide world-class adventure sports equipment with superior quality, safety and reliability at the best possible prices, supported by exceptional service and innovation.

OUR CORE VALUES

- Customer First
- Quality Assured
- Safety Always
- Innovation
- Integrity & Trust

OUR PRODUCT RANGE

- Climbing Holds & Volumes
- Climbing Ropes (Dynamic, Static & Accessory Cords)
- Harnesses (Sit Harness, Full Body Harness)
- Carabiners (Screw Lock, HMS, Auto Lock, D Shape)
- Pulleys, Descenders & Belay Devices
- Ascenders & Rope Grabs
- Helmets (Climbing & Industrial)
- Training Boards, Hangboards & Fingerboards
- Fall Protection (Lanyards, Retractors, Energy Absorbers)
- Slings, Webbing & Daisy Chains
- Rappelling Gloves & Accessories
- Rock & Ice Equipment (Ice Axe, Crampons, Pitons, Nuts, Cams)
- Zipline & Adventure Park Gear (Trolleys, Kits, Pulley Systems)
- Outdoor & Utility Gear (Knives, Hammers, Multi Tools)
- Chalks, Chalk Bags, Brushes & Cleaning Accessories
- Hardware & Fixings (Anchor Bolts, Hangers, Plates, Nuts, Washers)

WHY CHOOSE WHITE TECH?

PREMIUM QUALITY

High quality materials & strict quality control

DURABLE & RELIABLE

Engineered for strength, durability & long life

WIDE RANGE

Complete range for all your climbing & adventure needs

COMPETITIVE PRICES

Best quality products at the most competitive prices

CUSTOMER SUPPORT

Dedicated support before & after sales

CLIMBING HOLDS

CLIMBING HOLDS 50 PSL

- Material: Durable Resin
- Set: 50-Piece Climbing Holds
- Colour: Pastel-Colour
- Grip: Textured / High Grip
- Shapes: Classic Multi-Shape Design
- Size: Small to Large
- Installation: Indoor & Outdoor
- Weight Capacity: Up to 200 kg
- Suitable For: Kids & Adults
- Ideal For: Home, Gym, School & Playground
- Includes: Mounting Hardware Kit

PREMIUM CLIMBING HOLDS 50 PRO

- Material: Premium Resin
- Set: 50 Pc Climbing Holds
- Colour: 5-Colour
- Grip: Textured / High Grip
- Shapes: Multiple Shapes & M Sizes
- Installation: Indoor & Outdoor
- Weight Capacity: Up to 220 kg
- Suitable For: Kids & Adults
- Ideal For: Home, Gym, School & Playground
- Includes: Mounting Hardware Kit

EARTH TONES KIDS CLIMBING HOLDS

Boho Climbing Holds - We strive to create products that are as beautiful as they are tough. Our premium holds come in muted earth tones with a Boho flair that will compliment any indoor space as well as outdoor playground to create the perfect rock climbing wall for kids inside or out

OFF WHITE KIDS CLIMBING HOLDS

Boho Climbing Holds - We strive to create products that are as beautiful as they are tough. Our premium holds come in muted earth tones with a Boho flair that will compliment any indoor space as well as outdoor playground to create the perfect rock climbing wall for kids inside or out

CRIMP PACK 10 INTERMEDIATE

- VARIETY | Holds include neutral, sloped, and incut crimps for fun training
- HIGH QUALITY | These holds are manufactured with premium plastic to ensure ultimate safety
- DURABLE | Textured surface is designed to withstand the abuse of a commercial climbing gym
- HANDCRAFTED | Materials are sourced in the United States and assembled in St. Paul, Minnesota
- HARDWARE | All bolts for the holds are included with the shipment.

KIDS CLIMBING HOLDS PLASTIC

- **【SUPPORT WEIGHT UP TO 230LBS】** - These rock climbing holds are molded with quality plastic resin, with each holding weight up to 230 lbs, safely supporting kids or adults to climb up and down
- **【SKID- & WEATHER- & FADE- RESISTANT】** - Nonskid textures on the surface provide great traction, largely reducing the risk of kids' falling off. It stands up to harsh rain, sunlight, wind, and won't fade easily over time

VOLUME CLIMBING HOLDS

ADVENTURE SPORTS & SAFETY EQUIPMENT

ADVENTURE SPORTS & SAFETY EQUIPMENT

Volume climbing holds add dimension and challenge to vertical adventures. These three-dimensional structures expand climbing routes by protruding from the wall, creating opportunities for varied grips and movements.

Designed to test agility and creativity, these volumes offer a thrilling experience for climbers seeking a dynamic and multi-dimensional ascent. Whether for indoor or outdoor climbs, they transform walls into complex landscapes for exhilarating exploration.

6 MM ACCESSORY CORD

- Lightweight & Packable – Lightweight and highly packable for easy carry.
- Flexible Construction – Flexible construction for quick knotting and adjustments.
- Versatile Utility – Suitable for prusiks, tie-downs, and accessory setups.
- Durable Sheath – Durable sheath for regular handling and abrasion resistance.
- Smooth Handling – Flexible and easy to manage during repeated use

8 MM STATIC ROPE

- Premium nylon braided static rope
- 8 mm diameter for excellent strength and durability
- Breaking Strength: 12 kN
- Core: High-Strength Polyamide Core
- Surface: Smooth & Durable Finish
- Construction: High-Strength Braided Design
- Low-stretch construction for controlled descents and rigging
- White rope with red markings for improved visibility
- Suitable for professional and recreational use
- Made in India
- Available in 50 m, 100 m, and 200 m lengths
- Cutting: Hot-Melt Cut Technology – Prevents Rope Fraying
- Ideal for adventure parks, rescue, and climbing applications

10.5 MM STATIC ROPE

- Premium nylon braided static rope
- 10.5 mm diameter for excellent strength and durability
- Breaking Strength: 23 kN
- Core: High-Strength Polyamide Core
- Surface: Smooth & Durable Finish
- Construction: High-Strength Braided Design
- Low-stretch construction for controlled descents and rigging
- White rope with red markings for improved visibility
- Suitable for professional and recreational use
- Made in India
- Available in 50 m, 100 m, and 200 m lengths
- Cutting: Hot-Melt Cut Technology – Prevents Rope Fraying
- Ideal for adventure parks, rescue, and climbing applications

12 MM STATIC ROPE

- Premium nylon braided static rope
- 12 mm diameter for excellent strength and durability
- Breaking Strength: 30 kN
- Core: High-Strength Polyamide Core
- Surface: Smooth & Durable Finish
- Construction: High-Strength Braided Design
- Low-stretch construction for controlled descents and rigging
- White rope with red markings for improved visibility
- Suitable for professional and recreational use
- Made in India
- Available in 50 m, 100 m, and 200 m lengths
- Cutting: Hot-Melt Cut Technology – Prevents Rope Fraying
- Ideal for adventure parks, rescue, and climbing applications

14 MM STATIC ROPE

- Premium polyester braided static rope
- 14 mm diameter for excellent strength and durability
- Breaking Strength: 38 kN
- Core: High-Strength Polyamide Core
- Surface: Smooth & Durable Finish
- Construction: High-Strength Braided Design
- Low-stretch construction for controlled descents and rigging
- White rope with red markings for improved visibility
- Suitable for professional and recreational use
- Made in India
- Available in 50 m, 100 m, lengths
- Cutting: Hot-Melt Cut Technology – Prevents Rope Fraying
- Ideal for adventure parks, rescue, and climbing applications

16 MM STATIC ROPE

- Premium polyester braided static rope
- 16 mm diameter for excellent strength and durability
- Breaking Strength: 48 kN
- Core: High-Strength Polyamide Core
- Surface: Smooth & Durable Finish
- Construction: High-Strength Braided Design
- Low-stretch construction for controlled descents and rigging
- White rope with red markings for improved visibility
- Suitable for professional and recreational use

CLIMBING HARNESSES

SAFETY. COMFORT. FREEDOM.

Our climbing harnesses are engineered for maximum safety, durability and all-day comfort. Designed to support you in every move, in every adventure.

MAXIMUM SAFETY

Reliable strength you can trust.

ALL-DAY COMFORT

Ergonomic design for long lasting comfort.

DURABLE & STRONG

Built with premium materials to last.

ADJUSTABLE FIT

Perfect fit for every body type.

VERSATILE USE

Ideal for multiple indoor & outdoor activities.

BUILT FOR EVERY ADVENTURE

ROCK CLIMBING

Challenge your limits on natural rock faces.

WALL CLIMBING

Perfect support for indoor climbing walls.

MOUNTAINEERING & TREKKING

Reliable gear for high altitude adventures.

ZIP-LINING

Enjoy the ride with complete safety.

RAPPELLING & ABSEILING

Control every descent with confidence.

SAFE & CERTIFIED

Meets international safety standards.

STRONG BUCKLES & LOOPS

High strength buckles for secure locking.

BREATHABLE PADDING

Padded waist & leg loops for superior comfort.

FULLY ADJUSTABLE

Easy to adjust for a perfect fit.

LIGHTWEIGHT DESIGN

Lightweight yet durable for unrestricted movement.

ONE HARNESS. EVERY ADVENTURE.

GEAR UP. CLIMB SAFE. LIVE BOLD.

CLIMBING CARABINER

SEAT HARNESS

- Lightweight & Ergonomic design for outdoor sports
- High Strength Textile loop at the waist (front) level.
- One Adjustable Stainless-steel buckle for waist adjustment and
- Two buckles for thigh adjustment
- Made of High Strength Polyester Webbing

HALF BODY INDUSTRIAL SAFETY HARNESS

- Versatile Safety Gear: EN:813 & EN:358 certified for construction height, industrial use, and fall protection.
- Multipurpose Design: Ideal for climbing, mountaineering, fire rescues, and general industrial safety.
- Customizable Fit: Adjustable leg loops (45-75 CM) and waist belt (75-125 CM) for a secure and comfortable fit.
- Compact and Lightweight: Weighs only 1.33 KG, with a compact design (L 30 X W 22 X H 12 CM) for easy portability.
- Kid-Friendly Option: Suitable as a climbing harness for kids, ensuring family safety during outdoor activities.

FULL BODY HARNESS

For Fall Arrest + Controlled Descent – Class ALDP

- A Dorsal D-Ring for Fall Arrest.
- One front D-ring for controlled descent.
- Adjustable Shoulder Straps and Thigh Straps.
- Comfortable with Sit Strap.
- Made out of High Strength Polyester Webbing.
- ISI MARKED (IS:3521).

VIA FERRATA FULL BODY HARNESS

- Brand: Xinda
- Model No.: XD-9599
- Material: High-strength Polyester + Alloy Steel
- Breaking Load: Within 100 kg
- Size: Width 44.09 mm × Thickness 4.06 mm
- Application Scope:
 - Outdoor Expansion, Jungle Adventure, Tree Trekking,
 - Via Ferrata (Iron Road Climbing), and adventure theme parks.

PULLEY & DESCENDER

CONTROL. SAFETY. PRECISION.

Engineered for smooth performance and maximum safety. Our pulleys and descenders ensure dependable control in every climb, descent and rescue.

ENHANCED SAFETY

Reliable control for every situation.

DURABLE BUILD

Made from high-grade materials for long life.

EASY OPERATION

Smooth handling for better rope control.

LIGHTWEIGHT DESIGN

Compact, portable & easy to carry.

VERSATILE USE

Perfect for climbing, rescue & adventure.

BUILT FOR CONTROL. MADE FOR ADVENTURE.

CLIMBING

RAPPELLING

ROPE RESCUE

INDUSTRIAL & WORK

Smooth rope movement for safe and efficient climbing.

Controlled & stable descents on any terrain.

Essential gear for safe and fast rescue operations.

Reliable performance for height work & rigging.

SMOOTH DESCENT CONTROL
Consistent friction for safe descents.

STRONG & RELIABLE
Built to handle high loads with total confidence.

HEAT & WEAR RESISTANT
Designed to perform in extreme conditions.

ROPE FRIENDLY DESIGN
Minimizes rope wear and extends rope life.

TESTED & TRUSTED
Meets international safety standards.

TRUST YOUR GEAR.
FOCUS ON THE CLIMB.

DEPEND ON

CONTROL IN YOUR HANDS,
CONFIDENCE IN EVERY MOVE

TENDOM DOUBLE PULLEY

- Type: Double Sheave Tandem Pulley
- Material: Aluminium Alloy + Stainless Steel
- Rope Size: 8–12 mm
- Breaking Strength: 30 kN
- Sheave: Stainless Steel, Self-Lubricating Bushing
- Weight: 312 g ± 2%
- Colour: Antique Green
- Standard: EN 12278:2007

TENDOM DOUBLE PULLEY

- Product Name: Heart-Shaped Pulley
- Brand: Xinda
- Model No.: HH-9720
- Material: High-Strength Aluminum Alloy
- Weight: 289 g
- Efficiency: 0.92
- Compatible Rope Diameter: 8–13 mm
- Breaking Load: 25 kN

Application Scope: Traverse, Aerial Ropeway, Training, Transport, Rappelling, Hoisting, etc.

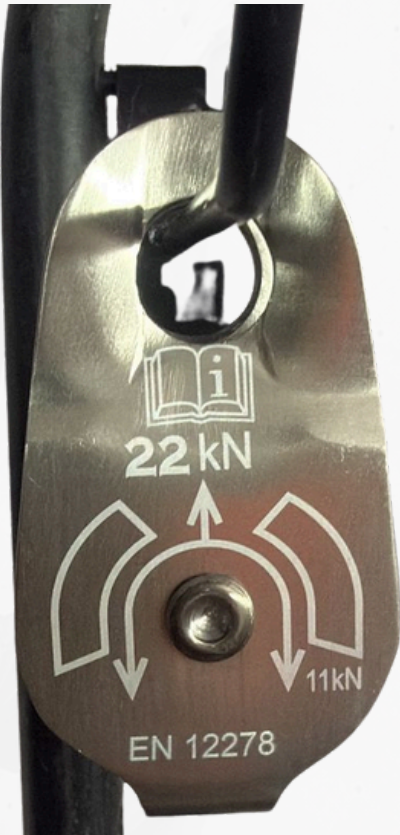

ZIPLINE DOUBLE PULLEY

- Product Name: Double Pulley “Eagle”
 Brand: Xinda
 Model No.: HH-9796
 Material: Aluminum Alloy, Steel
 Color: Green-Grey
 Size: 145 × 80 × 96 mm
 Gate Opening: 26 mm
 Weight: 432 g
 Compatible Rope Diameter: 9–13 mm
 Breaking Strength: 20 kN
 Standard: XF 494-2023
 Packaging: Paper Box

PULLEY & DESCENDER

SINGLE PULLEY

- Material: Aluminum alloy
- Bearing: ball bearing
- Size: 88*44*33mm
- Compatible rope diameter: 8-13mm
- Weight: 112g
- Breaking strength: 22kN

FIXED SINGLE PULLEY

- Brand: Xinda
- Model No.: HH-8648
- Tensile Strength: Static Load 20 kN (1 kN ≈ 100 kgf)
- Dimensions:
 - Height: 82 mm
 - Width: 44 mm
 - Thickness: 33 mm
- Material: High-Strength Aluminum + Alloy Steel
- Standard: CE1019, EN12278
- Applicable Rope Diameter: $8 \leq \varnothing \leq 13$ mm
- Weight: Green 147 g / Gray 112 g
- Application Scope:
 - Outdoor Tyrolean Traverse, Aerial Hauling,
 - Cargo Transportation, Rock Climbing
 - Rappelling, Expansion Training, Rescue
 - Protection, Pulley Systems, etc.

FIGURE 8 DESCENDER

- Brand: XINDA
Model No.: XD-8601
Name: Figure 8 Descender
Breaking Strength: 35 kN (≈ 3500 kg)
Material: High-strength aluminum alloy
Size: Length 14.5 cm × Width 7.6 cm
Thickness: 12.8 mm
Weight: 120 g
Applicable Rope Diameter: 8 – 13 mm
Applications: Outdoor climbing, rock climbing, development activities, caving, rappelling, rescue, high-altitude work, fall protection, engineering protection, and more.

PULLEY & DESCENDER

FIGURE 8 DESCENDER

- Made of quality aluminum alloy
- Hard, anti-rust and durable for long-term use
- Assisted braking improves control during the descent
- – Rope maneuvers are made easier when passing intermediate anchors
- – Compatible with 8.5 to 11 mm diameter low stretch kernmantle ropes

HORNED FIGURE 8 DESCENDER

- Name: Horned Figure 8 Descender
- Brand: Xinda
- Breaking Strength: 50 kN (approx. 5000 kg)
- Material: High-Strength Aluminum Alloy
- Weight: 240 g

Applicable Rope Diameter: 8 – 13 mm

DOUBLE STOP DESCENDER

**MATERIAL – ALUMINUM ALLOY,
STAINLESS STEEL**

DUAL JAMMING POSITIONS

SUITABLE FOR ROPE DIA – 9.5 mm – 11 mm

**AS PER EN12841:2006 – TYPE C
WITH KARABINER (TL)**

PULLEY & DESCENDER

ASCENDER

- **Material:** Climbing Rope Ascender Is Made Of High Strength Material, Lightweight And Convenient To Carry, Ergonomic Handle For A Comfortable And Powerful Grip.
- **Feature:** The Thorn And Groove Design Can Automatically Dispose Mud, And There Is Still Enough Grip On Ice Or Ropes With Mud Ice, Durable.
- **Design:** The Spring Design Is Convenient To Use. If It Needs To Be Released During The Ascent Process, It Can Be Operated With 1 Hand.
- **Climbing Ascender:** The Lower End Of The Ascender Is Provided With Two Hanging Holes For Connecting The Pedal Belt. Suitable For Diameter 8Mm-12Mm Rope.

HAND ASCENDER

- **Product Name:** Hand Ascender
 - **Brand:** Xinda
 - **Model No.:** HH-SS01
 - **Material:** Aluminum Alloy
 - **Working Load:** 150 kg
 - **Weight:** 210 g
 - **Applicable Rope Diameter:** 8-13 mm
- Size:** 19 × 9 cm

FALL ARRESTER SS

MATERIAL – STAINLESS STEEL

TYPE – OPENABLE

SUITABLE FOR ROPE DIA – 14 mm – 16 mm

CLIMBING HELMET

PROTECTION. PERFORMANCE. PEACE OF MIND.

Engineered for climbers and adventurers who demand the highest safety standards without compromising on comfort and style.

KEY FEATURES

IMPACT PROTECTION

High strength shell absorbs and distributes impact forces effectively.

LIGHTWEIGHT DESIGN

Ultra-light structure reduces fatigue during long climbs and treks.

VENTILATION SYSTEM

Strategically placed vents keep you cool in every ascent.

ADJUSTABLE FIT

Easy adjustment system ensures a secure and comfortable fit.

SECURE STRAP SYSTEM

Strong chin strap with quick release buckle for added safety.

COMFORT PADDING

Soft inner padding provides all-day comfort and stability.

IDEAL FOR

ROCK CLIMBING

MOUNTAINEERING

ICE CLIMBING

VIA FERRATA

RAPPELLING

ADVENTURE SPORTS

WHY CHOOSE XINDA CLIMBING HELMET?

PREMIUM QUALITY

Built with high grade materials for extreme durability.

ALL DAY COMFORT

Ergonomic design with soft inner padding.

MAXIMUM AIRFLOW

Multiple air vents for superior ventilation.

CERTIFIED SAFETY

Meets international safety standards for climbing helmets.

TRUSTED CHOICE

Preferred by climbers and adventurers.

ROCK HAMMER | ICE TOUBLER | ROCK PITON

— RELIABLE GEAR FOR CLIMBING & MOUNTAINEERING —

Engineered for strength, durability and maximum performance in the toughest environments. Essential tools for climbers, mountaineers and outdoor professionals.

ROCK HAMMER

BUILT FOR POWER

Ideal for placing pitons, driving anchors and tackling tough rock surfaces.

USES

Driving pitons and anchors

Breaking and shaping rock surfaces

Aid climbing and big wall routes

Rescue and expedition use

ICE TOUBLER

SECURE IN ICE

Designed for strength and grip in ice and hard snow for secure protection.

USES

Placing protection in ice and mixed terrain

Securing ropes on glaciers

Winter climbing and ice expeditions

Emergency ice anchors

ROCK PITON

TRUSTED ANCHOR

Strong and reliable pitons for cracks and crevices in rock climbing.

USES

Protection in rock cracks and seams

Traditional climbing and mountaineering

Big wall and aid climbing

Rescue and rigging applications

IDEAL FOR

 ROCK CLIMBING

 ICE CLIMBING

 MOUNTAINEERING

 AID CLIMBING

 RESCUE OPERATIONS

Dependable gear for your safety

ROCK & ICE PTIONS

ROCK PITONS

- Size: 5" long x 2cm wide
- Shape Options: Vertical and Horizontal
- Material: High-strength steel
- Carabiner Eye: Drilled hole for secure connection
- Use: Thin crack placements in vertical/horizontal orientations
- Set Includes: 5 pitons

ICE PITON

- Tubular tapered design for smooth ice penetration
- Drive-in, screw-out functionality, screw length 17cms, and total 19cms.
- Excellent holding strength with reduced dinner-plating
- Durable and efficient even in harsh conditions
- Ideal for alpine climbing and icefall scenarios.

ROCK HAMMER

- Hammer – Lightweight model optimized for technical aid climbing
- Material: Steel head with rubber handle
- Use: Piton and bolt placement/removal, gear recovery
- Applications: Aid climbing, traditional climbing, big wall expeditions

WHITE TECH

by **ONE STEP**

COMPANY PROFILE

ROCK CLIMBING EQUIPMENT
& ADVENTURE SPORTS

ABOUT WHITE TECH

White Tech by ONE STEP is a renowned Manufacturer, Wholesaler & Trader of premium quality Rock Climbing Equipment and Adventure Sports gear.

We offer a wide range of products including Climbing Rope, Climbing Holds, Rappelling Gloves, Carabiners, Zipline Pulleys and many more. Our products are preferred for their reliability, durability, performance and safety.

We are committed to providing the best quality products at competitive prices with dedicated customer support.

OUR MISSION

Our customers will always find the lowest possible prices in our stores and online platforms as we find simple solutions to save on all costs that don't directly benefit you. With a team of experts in the space of adventure sports, designing, manufacturing and quality control, we are building India's most customer centric and passionate team to deliver and provide the biggest and the best adventure sports equipment coupled with world class services to the customers.

OUR BRANDS

WHITE TECH

EDELRID

These brands enable us to offer a complete range of high performance gear for climbing, mountaineering, adventure sports and safety.

WHY CHOOSE WHITE TECH?

QUALITY ASSURED

Strict quality control and performance tested products.

RELIABLE & DURABLE

Products built for safety, strength and long lasting use.

WIDE RANGE

Extensive product range for all your adventure needs.

COMPETITIVE PRICES

Best quality products at the most competitive prices.

CUSTOMER SUPPORT

Dedicated support for all your queries and requirements.

OUR PURPOSE

To provide a marketplace for qualitative, attractive and affordable products for amateurs and experts of adventure sports.

OUR COMMITMENT

We are committed to deliver the biggest and the best adventure sports equipment coupled with world class services to our customers.

OUR PROMISE

Quality products, competitive prices and customer satisfaction are at the heart of everything we do.
